New Delhi, July 10 (PTI) Reflecting the bullish employment market, Indian companies plan to recruit new employees at a good pace during the remaining part of the current fiscal, with the IT industry expected to offer the strongest hiring prospects, says a survey.

According to a study by MyHiringClub.com, 52 per cent of employers surveyed plan to hire new employees from July through March, 2012, up from 39 per cent per cent in 2010.

"As we have conversations with employers and recruitment consultant, all indicates that the hiring activity will sustain and improve in coming months.

"Last year, certain sectors were producing jobs. This year, India is seeing job creation in all industries, functions and company sizes. In the survey, it's revealed again IT & ITES sector is leading and going to lead in hiring activity," MyHiringClub.com Founder and CEO Rajesh Kumar said.
